Dear Mrs. Loy:

Thank you so much for supporting our school through the purchase of a full page of advertisement in our yearbook. The money from your ad for Citadel Enterprises & Joe Griffith, Inc. was used to make our yearbook more exciting and interesting than earlier editions. This year we raised enough money to allow us to put color on some additional pages. The yearbook is very important to a lot of children at Christ Our King - Stella Maris School. I am very glad that people in our community are kind enough to donate to our school. Thank you again for your contribution to the yearbook. We truly appreciate your thoughtfulness and generosity.
